

Expandable Stainless 304 Steel Braided Sleeve (2500°F / 1371°C)

These stainless steel braided sleeves are suitable for protecting the cables and hoses where they are exposed to very high temperatures.

- Good for expansion joints where constant movement require a flexible and indestructible covering
- Excellent abrasion Protection, Chemical and Great for Outdoor Application
- Provides blow-out protection for hydraulic & compressed air hoses
- Provides rodent protection for buried cables and hoses
- If desired, the sleeve can be secured to the cable / hose by way of clamps or tapes.
- Sleeving is pulled tight during manufacturing process, the diameter may seem small when received
Simply push to expand for larger diameter
- Long continuous length: 200 meter per Coil

Part No.	Nominal Flat Size (Outer)	Wall Thickness	Expansion Range (mmØ)
SUS BRAIDED SLEEVE Ø6MM	4.20mm	0.33mm	3.2 – 11.0
SUS BRAIDED SLEEVE Ø8MM	4.85mm	0.33mm	4.0 – 13.0
SUS BRAIDED SLEEVE Ø10MM	5.45mm	0.33mm	4.8 – 15.8
SUS BRAIDED SLEEVE Ø12.5MM	7.45mm	0.33mm	6.35 – 18.0
